## WINTER INTERNSHIP & TRAINING PROGRAMME - 2023 (WITP-2023)

### About CPUH IIIC

- CPUH IIIC is a not-for-profit company established by Career Point group in November 2021. It acts as special purpose vehicle of CPU Hamirpur for resource mobilization for educational objectives related to commerce, art, science, sports, education, research, social welfare, religion, charity etc.
- The company facilitates assistance for promotion of incubation, innovation, entrepreneurship, skill development and the startup ventures with support of academia, industry, university and related institutions etc
- The company promotes cooperation and interaction between academia and industry to identify, conceptualize, implement projects between entities/entrepreneurs and faculties, students of Career Point University and also provide various opportunities for the students of other institutions of Himachal Pradesh.
- It has an incubation center “Pioneer Incubator” supported by the Govt. of Himachal Pradesh under Chief Minister’s Startup Himachal Scheme for providing handholding support for innovations and startups.

### About the Internship & Training Programme

- CPUH Institute of Incubation and Innovation Council offers Winter Internship/Training Programme for UG & PG students of any academic institution based on availability and program needs, and selects candidates based on the best fit.
- These internships are for completing mandatory trainings, internship and innovative mini projects/assignments/internships during the winter break and vacations.
- Under this programme, the students will be provided all sort of technical support, mentorship and hands on experimental training experiences/field exposure. The students will be provided a certificate by CPUH IIIC after successful completion of internship/training.

### Objectives

- Exposure to incubation, innovation, startup, entrepreneurship and company/industry procedures.
- Provide opportunities for students to acquire new skills and gain experience working with faculty/experts in the field of incubation, Innovation, IPR, Patents, Research, Sciences, Engineering, Humanities, Laws, Pharmacy, Hotel Management, Economics, Management, Social Service, Community Development etc.
- Inculcate skills necessary to compete for positions within the government and the private sector.
- Provide opportunities to network with local/national/international experts.

**Eligibility:** UG/PG students of university, college, school or any other academic institution

**Duration:** One to two months during January to February 2023

### Internship/Training Fee:

- Rs. 3,000/- (for one month internship/training)
