The World Yoga Federation provides international accreditation to yoga institutes, yoga studios and yoga teachers in all countries, registration and an international forum to promote and build a strong foundation for mutual cooperation in the field of yoga.

## Pioneer Incubator Center under the Chief Minister's Startup Himachal Scheme

On 14<sup>th</sup> July 2022, Career Point University Hamirpur is continuously progressing in the field of Startup Innovation. To strengthen these efforts, the Industries Department of the Government of Himachal Pradesh has set up a Pioneer Incubator Center under the Chief Minister's Startup Himachal Scheme. Its purpose is to generate self-employment and to provide financial help in the establishment of new industries. The Incubator Center organized the exhibition under the theme Startup Innovation at Career Point University, Himachal Pradesh. Padmashree Shri Kartar Singh Sokhna was present in this exhibition as the chief guest. Addressing the entrepreneurs, he said that they have to have a positive attitude while doing their work and do their work with calm and concentration. This is the basic mantra by which can become a successful entrepreneur. This Incubator Center has been established under the CM Startup Scheme in which more than 32 Incubates are working for which funding is done by the State Government. Women from Self Help Groups also participated in this exhibition and they exhibited their moment making Samiya machine under TTIRC. Dr Sanjeev Sharma, the Registrar of the university, said that the products made by these will be transported from local to global market, in which Career Point University will help them all the time. He said that the target has been set to create more than 100 successful startups by the year 2030. On this occasion, industry expert Parvesh Kapoor, who came from the District Industries Department, told about the schemes related to the industries of the government.

## Two Patents Published by Shikha Sharma

On 15<sup>th</sup> July 2022, Two patents have been published by Shikha Sharma, a student of M.Sc., Department of Botany, Career Point University, Himachal Pradesh. Shikha Sharma did this work under the guidance of Dr. Aarti Sharma, Assistant Professor, Department of Botany. She has made Holi colors out of waste things like face packs from orange peels and flowers offered in temples which later get wasted or are grown in water bodies. At the same time, this pack removes and hydrates the dead skin of people, due to which the face glows and it will not cause any damage to the skin. This research has been published by the Patent Office of the Government of India. Career Point University is emerging not only in the field of education but also in the field of research innovation.
